

COMP 170 Spring 2025 Course Schedule

We will cover one Chapter of the BPP textbook every week or two of the course through Chapter 7 and then Chapter 11 plus associated activities and exercises; there will also be a team-based class project starting in Weeks 10 and 11.

- Pre-class – Course Overview, Software Setup, Student Survey
- Week 1 – Chapter 1A, 1.1-1.3: Introduction to Python Programming (**Week 1 is the week of January 13**)
- Week 2 – Chapter 1B, 1.4-1.5: Algorithms and Functions
- Week 3 – Chapter 2A, 2.1-2.2: Basic Data Concepts, Variables, and Expressions
- Week 4 – Chapter 2B, 2.3-2.5: The for Loop and More Problem Solving
- Week 5 – Chapter 3A, 3.1-3.2: Parameters and Return Values and the Math Module
- Week 6 – Chapter 3B, 3.3: Interactive Programs, Random, Review of topics to date, Exam ONE (thru 3A)
- Week 7 – Chapter 4A, 4.1-4.2: The if Statement, Cumulative Algorithms, **and** Chapter 7.1: Intro to Lists
- Week 8 – Spring Break all week, **March 3-9**
- Week 9 – Chapter 4B, 4.3-4.5: Text Processing, Methods with Conditional Execution, exceptions, working with Strings, Pre and Post Conditions; Final Class Project Proposal
- Week 10 – Chapter 5A, 5.1-5.2: Program Logic and Indefinite Loops; **and** Chapter 6.1: Intro to text files
- Week 11 – Chapter 5B, 5.3-5.6: Relational Expressions, Assertions, try/except; Project Midpoint; Exam TWO (thru week 10)
- Week 12 – Chapter 6, 6.1-6.4: More File Processing; Ongoing Project Work (review 6.1 read earlier)
- Week 13 – Chapter 7, 7.1-7.3: More About Lists; Project Completion (review 7.1, read earlier)
- Week 14 - Chapter 11, 11.1-11.2: OO Programming, Object State and Behavior, Constructors; **Easter Holiday starts at 4:15pm Thursday April 17 through 4pm Monday April 21**
- Week 15 – Project presentations, final exam review – classes end **April 26**
- Week 16 – Final Exam Week, **April 28-May 3**, Exam THREE

Please note that the official Academic Calendar, found here: www.luc.edu/academics/schedules, has information about all Loyola breaks, the final exam schedules, and other relevant schedule information.

V8 November 2024 (updated for Spring 2025 on-campus schedule and switching to Python in COMP 170)

V7 December 2023 (updated for Spring 2024 on-campus schedule)

V6 December 2022 (updated for Spring 2023 on-campus schedule)

V5 December 2021 (updated for Spring 2022 on-campus schedule)

V4 August 2021 (reflecting return-to-campus schedule – updated to move Exam 1 to Week 8 vs. Week 6)

V3 August 2020 (showing entire week off Thanksgiving Break)

V2 August 2020 (adjusted for Fall 2020 Academic Calendar changes)
